

Exceptional Customer Support

The Core Of Our Business

We Support The Sales Process

- We assist you in evaluating whether PayTrace is the right match for your needs.
- We identify opportunities for cost savings and efficiency improvements.
- We provide you with an overview of the PayTrace system, which helps you become comfortable with the system before you purchase anything.
- We're here to answer your questions, even if you're not yet a PayTrace customer.

We Train New Customers

- We realize you will only be satisfied with PayTrace if you know how to use the system.
- We ensure that you have adequate training to use PayTrace successfully.
- We'll train one person or a whole department at once. We'll even hold training in shifts to accommodate your employees' availability.
- In addition, we have multiple self-reference training guides and videos strategically located throughout the PayTrace system.

We Build Lasting Relationships

- We're dedicated to helping you learn more and utilize more of the system as you go.
- Give us a call or send us an email, and we'll be happy to train you on additional functionality as your needs expand and evolve.
- Let us know if there's a facet of your business' needs that are not met by PayTrace. We'll either provide a viable solution, or we'll consider the enhancement for development.

The secure advantage.
