

Payment/Donation Shopping Cart **P B**

Your Pre-Integrate Online Payment/Donation Solution

Utilize the Payment Shopping Cart to allow your customers/donors to enter their own payment/donation amount and billing information. Customer/donor entered payment information may be used to process a real-time transaction and/or stored to process future repeat transactions. This functionality allows you to process payments without ever seeing or touching the customer/donor's sensitive data. In addition, fraud prevention tools such as Address Verification System (AVS) and Card Security Code (CSC/CVV) are available to help prevent fraudulent payments. The Payment/Donation Shopping Cart can process transactions for all enabled payment methods (credit card, gift card, and e-check transactions).

Payment/Donation Buttons : **P B**

- Link an Appeal for Donation or Request for Payment to a Secure Hosted Payment Page
- Send an Email Requesting a Donation or Payment With a Link to Your Payment Page
- Numerous Pre-Designed "Donation" and "Payment" Buttons

Optional Payment Features : **P**

- Allow Customers to Store Payment Information
- Allow Customer to Process Repeat Payments
- Allow Customers to Set-Up Recurring Payments
- Add Custom Data Fields/Discretionary Data Elements

The secure advantage.
